504 Student Rights and Responsibilities

Except as expressly reserved in these policies, the Board of Directors delegates to the Superintendent the authority to adopt, publish, and make available to all students and their parents or guardians written rules which state with reasonable clarity student rights and responsibilities and the types of misconduct for which corrective action or punishment may be imposed and set forth the procedures to be followed in student discipline cases.

In the absence of an ESD rule governing a particular type of misconduct, students who attend programs of the ESD shall be subject to the rules and regulations regarding student conduct which have been adopted by the school district of such student's residence (the "resident school district"). In any situation in which there is a conflict between an ESD rule and a resident school district rule addressing the same subject, the ESD rule shall control.
