# INTERACTIVE WHITEBOARDS, PANELS AND TABLETS

**Instructions:**

The forms below must be used when submitting your proposal. Please complete your contact information on each page and fill in the form below by replacing the three xxx's. Resellers that are bidding on boards that require a pre-authorized grant should submit proposals as if those grants are in place; ESD 112 will apply for the grant upon selection of the reseller, and the bid award will be contingent upon ESD 112's ability to secure that grant. For whiteboard solutions, up to one portable solution and up to three board solutions will be identified. Panels and tablets will be selected independently. Please refer to the General Guidelines for the 2007 Instructional Technology Bid as you prepare your proposal. By submitting a bid proposal, you are agreeing to abide by the requirements as stated in the bid guidelines.

# INTERACTIVE WHITEBOARD AND ACCESSORIES

---

**Product Specifications:** Electronic Whiteboard. Must be both wall-mountable and portable. Must include educational and customizable tools and toolbars; handwriting recognition; categorized, customizable graphics libraries that include clip art and Flash files; interactive abilities with MS Office products as well as other applications and desktop environments. Must include all cables. Must be compatible with PC's and Macintosh platforms. Please describe the following features of the board, its peripherals/accessories, and its other resources.

**The board:**

- Surface and its technology
- Input devices
- Computer and peripheral connections

**The software:**

- User interface(s)
- Adaptability and features for various grade levels
- Tools available on the toolbar
- Software resources
- Professional sharing opportunities
- Standards correlations
- Ability to link to other documents and web sites
- Licensing
- Features of the software that are particularly educational in their function/nature.

**The peripherals, interactive devices, accessories, and other resources:**

- Polling devices and/or compatibility with wireless response systems
- Wireless slates and/or tablets
- Wireless connectivity to the computer
- Online resources available
- Professional development opportunities and resources
- Tech support resources, including hours and format (phone, e-mail, personal)
- Warranty

In addition to submitting a proposal on the board, please submit bid pricing on peripherals, such as floorstands, tablets, panels, wireless connectors, accessories, training and other pertinent costs. Tiered pricing is allowed and encouraged.
