**2007–08 School Bus Driver Instructor Inservice**

**TITLE OF LESSON:**        **HIRING/ DEVELOPING/ RETAINING**  
   **DRIVERS**

**Length of Lesson:**        **60 minutes**

**TRAINER NOTES:**

This lesson plan is intended to provide active discussion about how to hire, develop, and retain our drivers. This is a lesson plan for trainers.

Now is the perfect opportunity for bragging about what is working for your district and gathering ideas from others.

This is an active lesson plan asking all trainers to share ideas or working practices in their districts. The intent is to improve all of our dilemmas with driver shortages.

Assign a scribe at the beginning of the lesson plan to take notes on a flip chart/white board at the front of the room. Start a new page for each subject with ideas written below.
