

SIF2'S AVAILABLE ONLY FROM ESD 112

WHAT IS DIFFERENT?

The employer (school district) used to provide the employee with the state Self Insurer Accident Report SIF2 form.

Note that has changed.

Beginning on Friday August 12, 2005 the district must instruct the employee to complete the new Employee Incident Report.

If the condition requires medical attention the district must instruct the employee to call ESD 112 to report a claim and the SIF2 will be mailed to them.

Districts should NOT provide the SIF2 to the employee as of August 12, 2005
