

Accommodating Children and Youth Program Participants with Diabetes

The Board designates program directors to:

- A. Consult and coordinate with the parents and health care providers of children and youth program participants with diabetes; and
- B. Train and supervise the appropriate staff in the care of children and youth program participants with diabetes.

ESD 112 shall develop and follow an individual health plan for each child and youth program participant with diabetes. Each individual health care plan will include an individual emergency plan element. The health plans will be updated annually, and more frequently as needed.

ESD 112 will not be responsible for the supervision of procedures authorized by the parent and carried out by a parent-designated adult.

ESD 112, its employees, agents or parent-designated adults who act in good faith and in substantial compliance with a child's or youth's individual health care plan and the instructions of the child's or youth's health care provider will not be criminally or civilly liable for services provided under RCW 28A.210.330.
