### Anti-bias Film Series

This training series explores anti-bias education (ABE) with the film, Reflecting on Anti-Bias Education in Action: The Early Years (2021, Lee Keenan, D., & Nimmo, J.) as its foundation. Anti-Bias Education builds on the strengths and knowledge children bring to school, and encourages teachers to observe carefully, think critically, and reflect deeply in their programs. The film is organized around 4 interconnected goals of anti-bias education (Identity, Diversity, Justice, and Action). These goals build on each other and are relevant to all children and adults. The first 4 sessions we will view selected sections of the film; define and discuss ABE goals and reflection questions from the film study guide. The 5th & final session will allow us time to reflect on the film, review the current NAEYC Advancing Equity Position statement, and questions concerning putting this into practice in programs.
