

Beginning Educator Support Team (BEST) Letter of Agreement Year Two Participants 2019-20

Welcome to the Beginning Educators Support Team (BEST) program, a unique opportunity made possible by a state grant for new and beginning teacher development. New or beginning educators, for these purposes, are Year One (Y1) or Year Two (Y2) candidates. You qualify as a Y2 because you have taught between 180 and 359 days in a continuous, certificated teaching assignment in public or private schools anywhere in the United States. Questions and concerns about the BEST program should first be directed to the building principal, then the district key contact, and finally to BEST grant support, Mike Esping (mike.esping@esd112.org).

Please complete the form below. All information is required.
